RSA® CONFERENCE SECURITY SCHOLAR

University of Maryland
Application Information
Overview

About RSA Conference
RSA® Conference is the premier series of global events where the world talks security and leadership gathers, advances and emerges. RSA Conference events are where the security industry converges to discuss current and future concerns and get access to the people, content and ideas that help enable individuals and companies to win, grow and do their best. It is the ultimate marketplace for the latest technologies and hands-on educational opportunities that help industry professionals discover how to make their companies more secure while showcasing the most enterprising, influential and thought-provoking thinkers and leaders in security today. www.rsaconference.com

About RSAC Security Scholar
RSA® Conference Security Scholar occurs during RSA Conference and connects 80 of the brightest up-and-coming cybersecurity students with leading experts, peers and Conference attendees. The goal of the program is to share knowledge, experience and connections to enrich the discourse on how to stay ahead of cyberthreats. https://www.rsaconference.com/secscholar
Application

- The University of Maryland will nominate two students to represent our campus as RSAC Scholars. We seek engaged and articulate students who are active in research in any of the relevant areas, and who will thus reflect well on the campus as they showcase their work at the Conference and poster sessions.

- Undergraduate, Masters and Ph.D. students in good academic standing and who commit to fully participating in RSAC Security Scholar activities as organized by RSAC February 24-28, 2020, are eligible to apply for one of these two UM nominations. For best consideration please apply by October 4, 2019.

- For more information or to apply (by providing a resume, informal copy of transcript and cover letter describing research) please contact Prof. James Purtilo (purtilo@umd.edu)

Why Apply?

1. **Meet the Legends.** Participate in private functions and meet industry movers and shakers. Previous industry authorities have included Whit Diffie, General Keith Alexander and Dmitri Alperovitch.

2. **Enhance Your Learning.** Hear from the experts and learn about the latest industry discoveries during Conference sessions and keynotes.

3. **Make Career-long Connections.** Meet talented students from across the nation who will become valuable colleagues throughout your career.

4. **Network with Future Employers.** Connect with potential employers and learn about problems that the industry is trying to solve today.

5. **Share Your Knowledge.** Showcase your work to fellow university students, RSAC attendees and potential employers at the Security Scholar Poster Session.
