

Apply to be an RSA® Conference 2023 Security Scholar

- ▶ RSA® Conference (RSA®C), the world's largest information security conference, draws more than 42,000 global cybersecurity professionals, 600+ exhibitors, and hosts over 500 sessions. It is an educational platform for exchanging ideas, sharing best practices, discussing current national and international policies and identifying future threats in cybersecurity.
- ▶ RSA Conference will host 50 top scholars from 38 universities across the U.S. that demonstrate a strong commitment to cybersecurity, giving them access to interdisciplinary programs that advance technical, human and legal approaches to information security.
- ▶ **For more conference details see**
<https://www.RSAConference.com/SecurityScholar>

Why Apply?

1. **Meet the Legends.** Participate in private functions and meet industry movers and shakers. Previous industry authorities have included Whit Diffie, General Keith Alexander and Dmitri Alperovitch.
2. **Enhance Your Learning.** Hear from the experts and learn about the latest industry discoveries during Conference sessions and keynotes.
3. **Make Career-long Connections.** Meet talented students from across the nation who will become valuable colleagues throughout your career.
4. **Network with Future Employers.** Connect with potential employers and learn about problems that the industry is trying to solve today.
5. **Share Your Knowledge.** Showcase your work to fellow university students, RSAC attendees and potential employers at the Security Scholar Poster Session.

Eligibility: Undergraduate, Masters or Ph.D. students in good academic standing, plus commitment to fully participating in RSAC Security Scholar activities as organized by RSAC, April 24-27, 2023

Maryland students should contact Prof. James Purtilo (purtilo@umd.edu) for details, and plan on applying (cover letter, resume, transcript and short research statement) by **October 16th, 2022**.
